Manager's Corner

There is an exciting change coming in April! The Sycamore playground across from the Fire Station will be removed and a new playground will be erected. We will also be constructing a picnic pavilion in the same area at the same time. Our plan is to minimize the downtime and complete these improvements as quickly as possible so you can begin enjoying them. Watch for future announcements on our Playground Grand Opening Party!

Maintenance Corner

In April, Advanced Disposal will begin switching out our current recycle bins with a new and improved model. The new recycle bin is a 95 gallon container with a lid. Recyclables will be picked up every 2 weeks once we begin using the new containers.
